

## Story of Muna

This is a story of a girl from Sindhupalchok (mid-east part of Nepal), born in 1986. She came to **SKM Hospital** on 12<sup>th</sup> September 2005. She is from poor family living with mother and father.

The diagnosis was **Congenital Vascular Malformation**.

**Dr Hubertus Tilkorn** and **Dr Jaswan Shakya** had done surgery in 2005.

Four months after surgery.

She is now already married for 2 years. Her husband is taxi driver and they have 20 months old son also. And she has small street tea shop in Patan.

This is the last picture four years after surgery.
